SUMMARY

As a web developer, I always put my best into what I am doing. I am not comfortable with settling. I am always looking for an opportunity to learn more and become better.

WORK EXPERIENCE

CARD EDITOR - ON-THE-JOB TRAINING

2022

- Designed and created greeting cards using Canva

PROJECTS

CAPSTONE PROJECT

WEB-BASED FILE MANAGEMENT SYSTEM

http://filemanagementsystemscs.epizy.com/

2022

- To manage reports and documents in the SCS department
- To monitor submitted reports by the faculty members
- Developed using PHP, MySQL, Javascript, and CSS.

PERSONAL PROJECTS

PERSONAL WEBSITE PORTFOLIO

https://josel-portfolio.netlify.app

2022

- A working website portfolio that I created to refresh my skills in Web Development
- Created using HTML, Bootstrap/Css, and Javascript/Jquery

FLAMES GAME

https://flames-game-memes.netlify.app

2022

- A simple web game based on the 1990's teen games FLAMES
- I created this to practice vanilla js, plain CSS, and array and string manipulation in Javascript
